

SUPPORTING COMMUNICATION & LANGUAGE IN THE EARLY YEARS

WHO IS THIS COURSE FOR?

Early years practitioners who want to support children's early language.

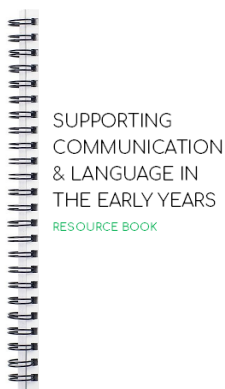

WHY DO YOU NEED THIS COURSE?

Communication skills are so important for our children's learning and social interaction. We want to support settings to make the best use of resources they have available to create a practical toolkit of strategies to support early communication.

THIS COURSE WILL SUPPORT YOU TO...

- Understand speech, language and communication and how to identify children who are struggling to develop these skills.
- Build on best practice – identify what will work for you.
- Implement key principles for supporting language and communication.
- Understand how to ensure a communication friendly environment.
- Implement practical ideas and activities to carry out in the setting.
- Create your own Toolkit of language activities.
- Use a range of strategies for working with parents.

"Valuable and informative, lots of great ideas and activities to take back to school." Early Years Practitioner.

ALL OUR COURSES ARE...

Informative, interactive and practical. They aim to meet your needs, so you can go back to your school armed with ideas and strategies to support the children you work with.

The cost of the course includes a resource book to use in school.
