

SUPPORTING CHILDREN WITH SPEECH, LANGUAGE & COMMUNICATION NEEDS IN PRIMARY SCHOOLS

WHO IS THIS COURSE FOR?

Primary teachers, SENCos and support staff who want to expand their knowledge and skills in working with children who have speech, language and communication needs.

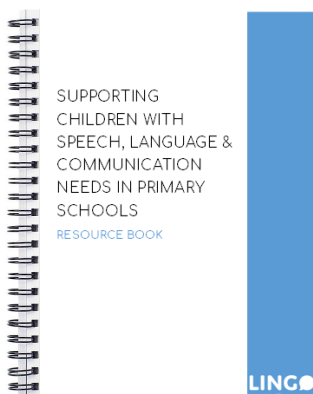

WHY THIS COURSE?

We want to support teaching staff to identify and support children with Speech, Language and Communication Needs early and effectively.

THIS COURSE WILL SUPPORT YOU TO...

- Understand speech, language and communication and how to identify children who are struggling to develop these skills.
- Build on best practice – identify what will work for you.
- Develop a range of strategies for supporting children with SLCN, using practical evidence based strategies in the classroom, including:
 - Creating communication supportive classroom.
 - Supporting understanding of language.
 - Teaching vocabulary so it sticks.
 - Encouraging the use of talk for learning.

"I can see so many of the practical suggestions being of great help to our children with language difficulties." - Teacher.

ALL OUR COURSES ARE...

Informative, interactive and practical. They aim to meet your needs, so you can go back to your school armed with ideas and strategies to support the children you work with.

The cost of the course includes a resource book to use in school.
